

Annual Report

2015

Letter From the CEO

Tami Greenberg

Dear Friends,

2015 was quite a year for Ronald McDonald House Charities of Kansas City!

Most importantly, we were thrilled to open our third House in Kansas City. The 20-bedroom Wylie House is beautiful inside and out, and I encourage you to come see it if you haven't already. We would not be able to provide this life-changing support to families without the extraordinary generosity of our donors, volunteers, and community. Thank you!

We are now able to serve 87 families every night, through our three Houses on Cherry Street and our Family Room inside Children's Mercy Hospital. As we are bigger, our needs have also grown: for financial resources, volunteers, meals, and infrastructure. But our focus on the mission remains pure, as we keep families close to their sick kids.

Another big change in 2015 was our leadership transition. We bid a fond farewell to our former CEO, Holly Buckendahl, who is now leading the RMHC in Chicago. I was extremely honored to take the helm of our charity last summer, and it is a delight and a privilege to do this important work with this amazing team.

Finally, the Board of Directors has endorsed a new 2016-2018 strategic plan. As we look to our future of serving as a "home away from home" for families with sick kids, we have identified strategic goals related to our Mission, Money, Brand and People. We are excited to move forward, with your partnership and support.

Thank you for being part of our RMHC-KC family.

All my best,

Tami

Amelia's Story

Amelia just kept getting sick. With everything. It eventually got to the point where she was not able to move her legs and her mother had to carry her everywhere. Everytime the doctor's examined her, they thought it was a bacterial or viral infection. They would give her medicine and send her home. After feeling better, then getting sick again, the vicious cycle became too much for Amelia's family. Amelia was diagnosed with lymphoblastic leukemia on the morning of her third birthday.

Her mother Alicia says, "I honestly don't know what I would have done without Ronald McDonald House Charities of Kansas City. Amelia gets so sick after her chemo treatments, so words cannot express what it means to have a clean, safe home, a warm bed and healthy meals waiting for us every night. Even the security guard, Nina, is now one of Amelia's favorite people. This place is just above and beyond what I could imagine, and our whole family is so, so grateful to the Ronald McDonald House for allowing me to be by my daughter's side while she fights this disease. Recovery is never easy, but Ronald McDonald House makes it possible."
